VISION

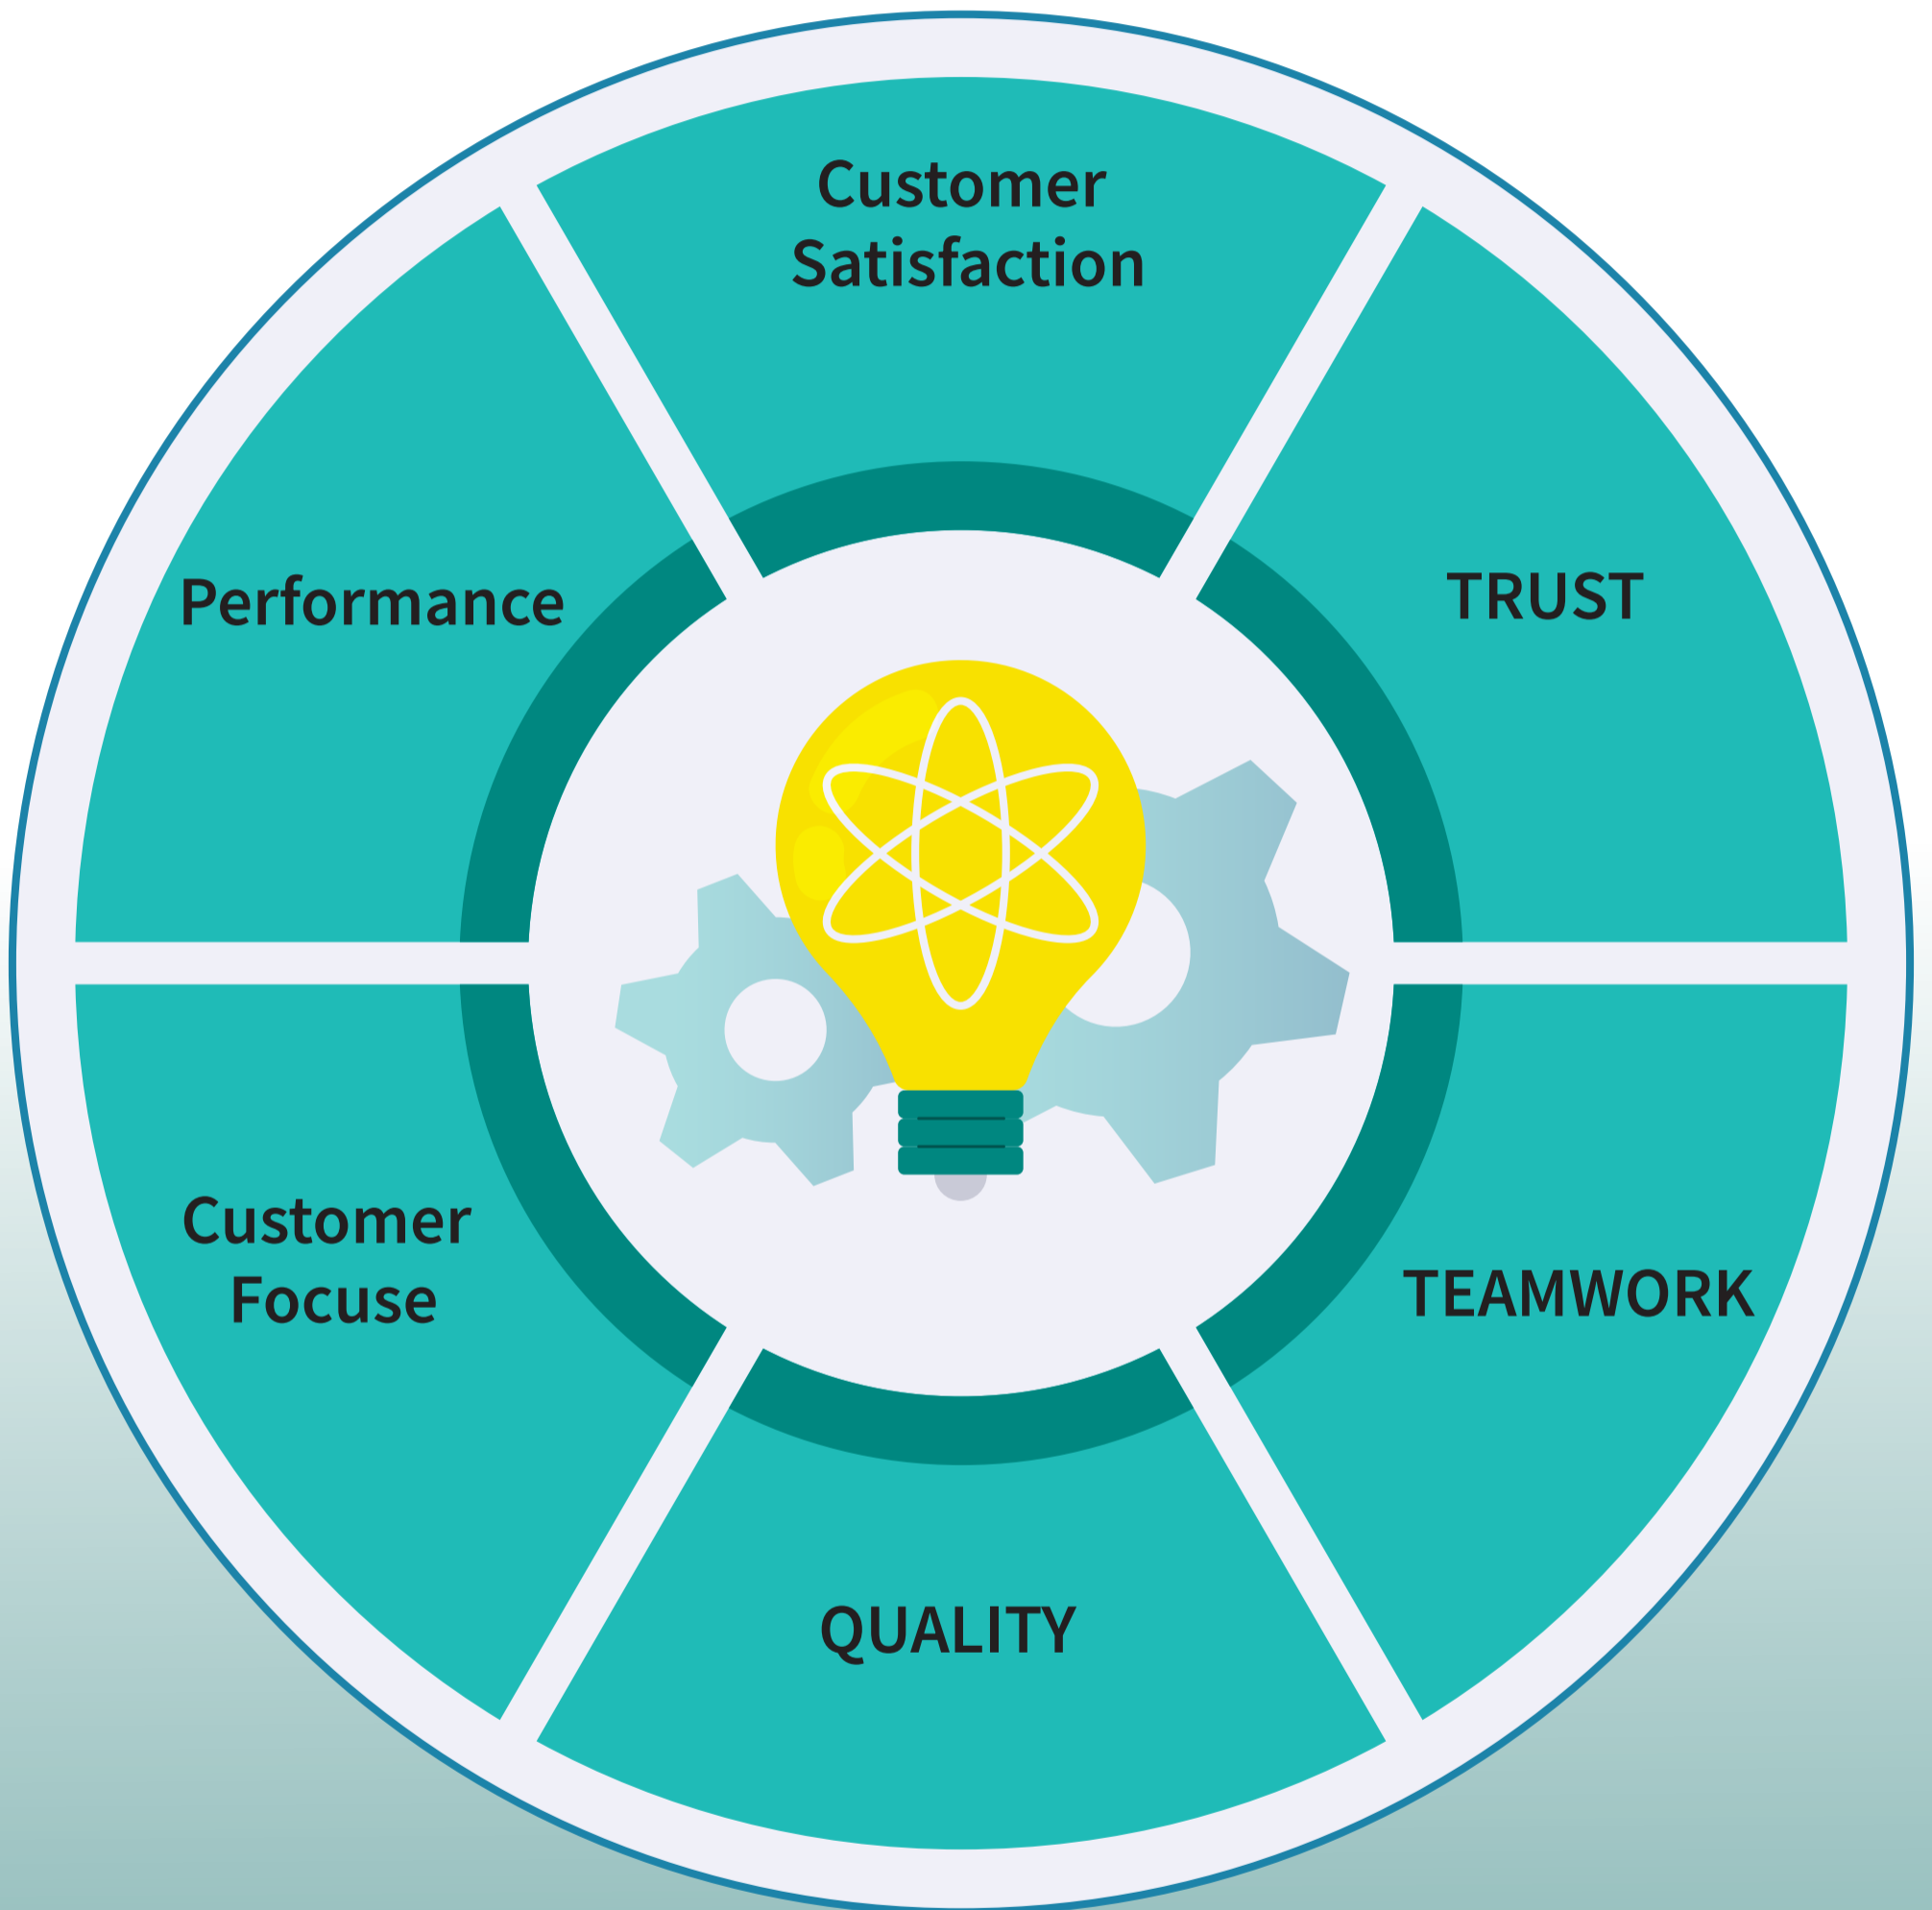

EAGLE aim to make our products the customer's first choice

MISSION

EAGLE is keen on offering an extensive range of distinctive products while continually improving the quality, safety, strength provide premium customer value through superior quality products and solutions by our team with consistent growth

MISSION & VISION

OUR VALUES

CARAVAN

SKELETON STRUCTURE

- Hot rolled or Cold formed steel sections.
- All steel members are corrosion treated, primed and painted.
- fabricated according to design calculations to fit with the caravan area and function.

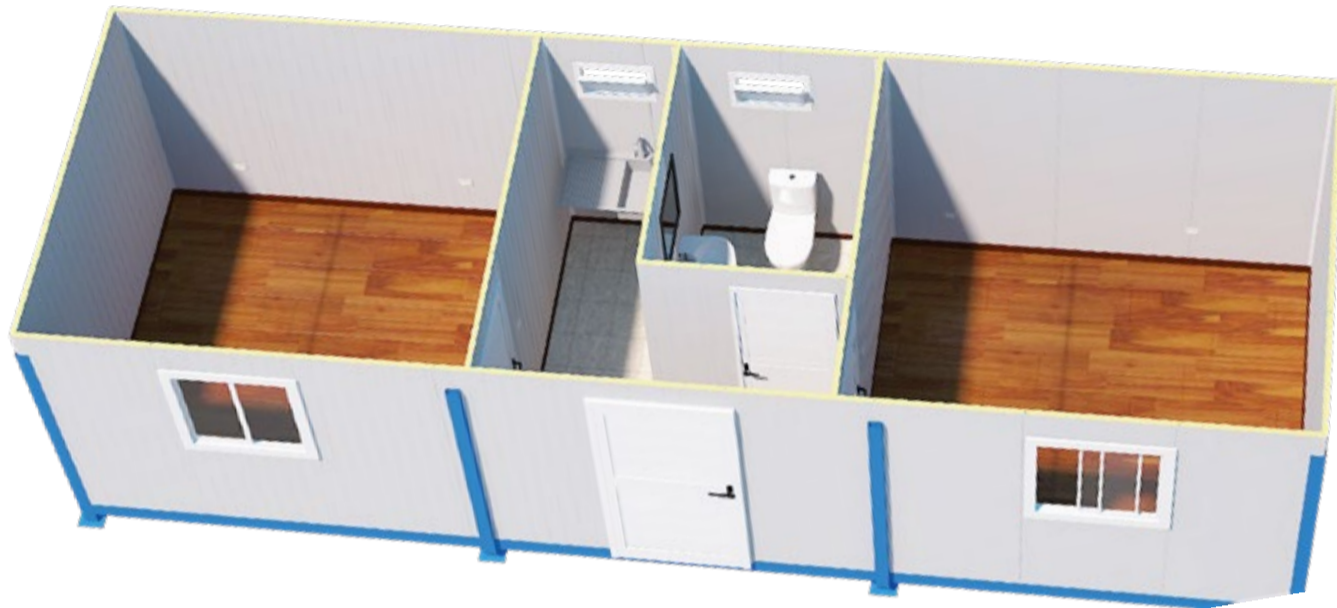

ROOF

- Corrugated galvanized steel sheets G60, pre-painted with polyester paint, fixed using self-drilling screws and fitted with the necessary flashing and trims, over a heat insulation layer of glass wool blanket.
- we can use ECO panels or standard sandwich panels.

WALLS

- External walls & Internal Partitions of standard wall Sandwich panels
Also we can use gypsum board lining wall covering to get the internal painting finish if required.

CARAVAN

FLOORING

- Different types of flooring systems can be used to suit all requirements HDF sheets, vinyl wraps installed over decking of MDF, or plywood surface, checker plates, ceramic tiles installed over metal steel decking or raised floor over decking of metal steel sheets.

ELECTRICAL WORKS

- Flush mounted lighting fixture with plastic cover and 2 fluorescent lamps.
- Weather proof incandescent lamp – for wet areas lighting and corridors.
- All wires are gathered in flexible tubes embedded inside wall panels or can be external in PVC duct if required.

WET AREAS

- Sanitary sets including hand wash lavatory, water closet, path tray, urinals and water mixers to be installed including the required feeding & drainage.
- plumbing works inside the caravan unit only.

DOORS

- Single or Double leaf hinged door filled with sandwich panel or milamin size (0.7/0.8/0.90)m. x 2.00 m. with PVC or Aluminum frame sections including its accessories or can be wood or steel doors.

WINDOWS

- Sliding windows PVC or Aluminum sections Size (100X100cm.) for rooms window (0.60 x 0.40 m.)for bathrooms with transparent glass 5mm & fly screen fly screen.

CEILING

- Decorative colored metallic strips 25 cm. Or Gypsum tiles 60 cm x 60cm.
